

NovaTech Solutions

Employee Handbook

This handbook describes the policies, benefits, and expectations for all NovaTech Solutions employees. It applies to full-time, part-time, and contract staff across all departments.

1. Work Hours and Attendance

Standard working hours are 9:00 AM to 6:00 PM, Monday through Friday, with a one-hour lunch break. Employees are expected to log at least 40 hours per week. Remote employees must be available on Slack during core hours of 11:00 AM to 4:00 PM for team coordination.

Employees arriving more than 15 minutes late without prior notice on three occasions within a month will receive a formal attendance warning from their manager.

2. Leave Policy

Full-time employees are entitled to 18 paid leave days per calendar year, consisting of 12 annual leave days and 6 sick leave days. Leave requests must be submitted at least 3 working days in advance through the HR portal, except for sick leave which may be reported on the day of absence.

Unused annual leave may be carried forward up to a maximum of 5 days into the next calendar year. Sick leave does not carry forward.

Maternity leave is granted for 90 calendar days at full pay. Paternity leave is granted for 10 working days at full pay.

3. Remote Work Policy

Employees in engineering, design, and marketing roles may work remotely up to 3 days per week, subject to manager approval. Customer support and finance roles are required to work on-site at least 4 days per week due to the nature of their responsibilities.

Employees working remotely must maintain a stable internet connection and be reachable via company communication tools during their assigned shift hours.

4. Expense Reimbursement

Employees may claim reimbursement for business-related travel, client meetings, and approved software subscriptions. All claims must be submitted within 30 days of the expense with a valid receipt attached. Claims exceeding PKR 10,000 require pre-approval from the department head before the expense is incurred.

Reimbursements are processed within 10 working days of approval and are paid out along with the employee's next salary cycle.

5. Performance Reviews

Performance reviews are conducted twice a year, in June and December. Reviews are based on goals set jointly with the employee's manager at the start of each cycle. Salary increments and promotions are decided following the December review cycle.

Employees rated 'Exceeds Expectations' for two consecutive review cycles are automatically considered for promotion by the department head.

6. Code of Conduct

All employees are expected to treat colleagues, clients, and vendors with professionalism and respect. Harassment, discrimination, or retaliation of any kind will not be tolerated and may result in immediate termination.

Confidential company information, including client data, source code, and financial records, must not be shared outside the organization without written authorization from a department head.

7. IT and Equipment Policy

NovaTech provides a laptop and necessary software licenses to all full-time employees. Equipment remains company property and must be returned upon resignation or termination. Lost or damaged equipment due to negligence may be deducted from the employee's final settlement.

Employees must report lost or stolen devices to the IT department within 24 hours to allow remote wiping of company data.

8. Resignation and Notice Period

Employees are required to serve a notice period of 30 days upon resignation. Employees in senior or managerial roles are required to serve a 60-day notice period to allow adequate handover time. NovaTech may, at its discretion, offer early release with partial or full notice period pay.
